

Caeron Roberts

Junior Front End Developer | Private Pilot | Security Cleared

SUMMARY

Hello, my name is Cae Roberts. I'm a self-taught front-end developer and I focus on writing clean, efficient, legible code. I'm confident in HTML, CSS, JavaScript, React plus modern libraries and frameworks. I love to 'build' my ideas into life. For the past year I've been studying front-end development through online courses with the guidance of a mentor.

LANGUAGES

- React.JS
- JavaScript/CSS/HTML/SASS
- Redux / Vue.JS (WiP)

FRONTEND EXPERIENCE

//////////////////// Worked projects can be found at caeroberts.github.io //////////////////

Chat Application	Expected Completion: April 2021
Pomodoro Timer & To-do list Web App	Completed: January 2021

PROFESSIONAL EXPERIENCE

RNAS Yeovilton Royal Navy	Yeovilton, Somerset
Airfield Operations – Air Traffic Control (ATC)	August 2018 – March 2021
<ul style="list-style-type: none">• Delivered support to visiting aircraft including marshalling, refuelling, diversion assistance, flight planning & liaison between air traffic and the pilots. Accepted 100% of operationally sensitive flights. Played a key role during seasonal public events (Yeovilton Air Day, charity photoshoots, ceremonial displays).• Acted as Deputy Building Manager for ATC and Primary Surfaces Manager for the Airfield. Duties included regular FOD plods, managing airfield maintenance work, liaising with civilian contractors & fire alarm testing. Organised and supplied preventative measures throughout the COVID-19 pandemic to air traffic control.	
Aircraft Technician – 825 Squadron	September 2016 – August 2018
<ul style="list-style-type: none">• Conducted daily, calendar-based, hour based & preventative maintenance in line with the Military Aviation Authority maintenance schedule for the HMA Mk2 Wildcat helicopters.• Rescued Wildcat ZZ379 after a crash-landing on board RFA Argus. Operated as initial response to the crash and later as part of the inspection team within the post-crash management cell conducting investigative engineering on ZZ379 once returned to Yeovilton. Subsequently rebuilt and recertified ZZ379.
